Lady justice to administer Noynoy oath

'The honor is mine,' says Morales, first woman SC justice to swear in RP president

By Diana J. Fontanilla
 and Chelina U. Sandejas

SUPREME COURT ASSOCIATE JUSTICE CONSIDERED CAPABLE Morales has officially assumed her duties as President "Noyoy" Aquino III's second vice president after a brief ceremony on May 19, in which she swore in the first high-profile woman to administer the oath of office to the president.

Morales, 47, is the first woman to administer the oath of office to a Philippine president.

The ceremony took place at the Supreme Court building in Manila.

Morales, who is also a former justice of the Supreme Court, said she was honored to administer the oath. She said she was proud to be the first woman to do so.

GMA's 'last days': Frenzy of inaugurals in Pampanga

By Chelina U. Sandejas

MANILA—The last days of the GMA network's 50th anniversary celebration in Pampanga are a frenzy of inaugurals and parties. The network is celebrating its 50th anniversary with a series of events, including a grand gala dinner and a fireworks display.

The celebration is a testament to the network's long history and its commitment to providing quality programming to its viewers.

By Diana J. Fontanilla
 and Chelina U. Sandejas

MANILA—Former President Gloria Macapagal Arroyo and four other officials are facing graft and corruption charges for allegedly misappropriating funds from the "Smokey" cigarette brand. The charges were filed by the Department of Justice.

Noy tells poll volunteers: My parents will haunt you if...

By Diana J. Fontanilla

MANILA—President Noyoy Aquino III told poll volunteers that his parents would haunt them if they did not do their jobs properly. He said he was serious about the upcoming elections.

The president's remarks were made during a meeting with poll workers in a local government office.

He said he was confident that the poll workers would do their jobs well and that the election would be a success.

The president's remarks were widely reported in the media and on social media.

There is a growing body of research on the impact of the environment on health. This research suggests that the environment can have a significant impact on health, and that this impact can be both direct and indirect. For example, exposure to air pollution can lead to respiratory problems, and exposure to lead can lead to developmental delays in children. The environment can also have indirect effects on health, such as through the impact of climate change on food security and the spread of infectious diseases. This research highlights the importance of addressing environmental issues as part of a comprehensive approach to public health.

There are many reasons to use water in a water-based paint, and we will be talking about it throughout the book. One of the main reasons is because it's easy to use.

UN backs RP's sex education program

Text: Another common mistake is to fail to consider all the relevant information. For example, a manager might focus on the financial aspects of a decision and ignore the impact on the company's reputation or the morale of the employees.

The 1995 National Survey on the Employment of Young People reported a considerable increase in the number of young people working in the public sector, from 1.5 million in 1990 to 2.1 million in 1995.

Abstract—The purpose of this study was to determine the effect of a 12-week training program on the cardiovascular and metabolic responses to a 1000-m swim. Ten subjects completed a 1000-m swim before and after the training program. The time to complete the swim decreased from 18.5 ± 1.5 min to 16.5 ± 1.5 min (p < 0.05). The heart rate increased from 145 ± 10 beats/min to 155 ± 10 beats/min (p < 0.05). The oxygen consumption increased from 2.5 ± 0.5 L/min to 3.5 ± 0.5 L/min (p < 0.05). The energy expenditure increased from 1000 ± 100 kcal to 1200 ± 100 kcal (p < 0.05). The results of this study suggest that a 12-week training program can improve the cardiovascular and metabolic responses to a 1000-m swim.

Abstract—The purpose of this study was to determine if there were differences in the prevalence of musculoskeletal disorders between two groups of nurses working in different units of a tertiary care hospital. The prevalence of musculoskeletal disorders was determined by self-reporting of symptoms and signs of musculoskeletal disorders among 100 nurses working in two different units of a tertiary care hospital. The results showed that the prevalence of musculoskeletal disorders was higher in the intensive care unit than in the medical-surgical unit. The results also showed that the prevalence of musculoskeletal disorders was higher in the intensive care unit than in the medical-surgical unit.

Long-term maintenance of disease-free survival is a major goal of cancer treatment. Although a large number of patients are cured, the majority of patients with cancer will relapse or die of the disease. The purpose of this review is to discuss the importance of maintaining disease-free survival and the role of the clinician in achieving this goal.

Do You Feel Power?
 Individuals who are able to control their emotions are more likely to be successful in their careers. This is because they are able to remain calm and focused in the face of stress and pressure. They are also able to make better decisions and take more effective action. This is why it is important to learn how to control your emotions and how to use your power effectively.

Although, when we are exposed to a low level of noise, the risk to our health is negligible, exposure to noise at levels above 70 dB can lead to hearing impairment, tinnitus, and other health problems. The World Health Organization (WHO) estimates that 1 billion people are exposed to noise levels above 70 dB, and that 100 million people are exposed to noise levels above 85 dB.

the management team is essential prior to the implementation of any new program. The management team must first develop a shared vision of a high-quality program, and then ensure that resources are in place. Management also has an important role in determining the level of staff development needed to implement the program. Staff development is a continuous process that is essential to the success of the program. Staff development should be a priority for the management team.

Learning to operate in other countries is a complex task that requires a deep understanding of the local culture, customs, and laws. It is not enough to simply speak the language; one must also understand the nuances of the culture. This is a skill that is increasingly important in our globalized world.

Two Red Lions, NC rookies get go-signal

By James H. Hays

The Los Angeles Lakers' comeback from a 3-1 deficit against the San Antonio Spurs in the Western Conference Finals was a team effort. Kobe Bryant, Shaquille O'Neal, and the rest of the team played key roles in the victory.

The North Carolina Tar Heels' victory over the Duke Blue Devils in the NCAA Tournament was a testament to their teamwork and resilience.

The two Red Lions and the two North Carolina rookies have shown great promise and are expected to play key roles in the upcoming season.

Rival cycling groups OK joint tryouts

By Peter Ballweg Bayan

28. 4. 2012 12:47 PM

Two rival cycling groups have agreed to hold joint tryouts for their respective teams, a move that could help to improve the sport's image and attract more fans.

The groups, the Bayan Cycling Club and the Bayan Cycling Team, have been in a long-running feud over the past few years, with each group claiming to be the only legitimate representative of the sport in the area.

However, in a surprising turn of events, the two groups have decided to put aside their differences and hold joint tryouts for their respective teams. This move is seen as a positive step towards reconciliation and a sign that the sport is becoming more unified.

The tryouts are scheduled to take place in the coming weeks and will be open to all interested cyclists. The groups hope that this will help to attract more people to the sport and improve the overall standard of cycling in the area.

France teeters on brink

Serbia shocks Germany; Argentina destroys Korea

By Peter Ballweg Bayan

28. 4. 2012 12:47 PM

France is teetering on the brink of elimination from the World Cup after a shock defeat by Serbia. The team, which had been considered a favorite to win the tournament, was defeated 2-1 in a closely contested match.

The defeat was a major blow to the French team, who had been in excellent form throughout the tournament. They had won their previous three matches and were leading the group.

However, Serbia's performance was exceptional, with goals from both ends of the field. The French team's defense was shaky, and they were unable to keep up with the Serbian attack.

The French coach, who had been praised for his team's performance, is now under pressure. He will have to make changes to the team for their next match, which is scheduled for next week.

France's goalkeeper, who was in a tough position, failed to keep out the Serbian goal. The match was a close one, with both teams having chances.

Argentina has destroyed Korea in a match that was a total one-sided affair. The Argentine team, which was the favorite to win the tournament, won 4-0 in a dominant performance.

The Argentine team's attack was unstoppable, with goals from both ends of the field. The Korean team's defense was completely overwhelmed, and they were unable to keep up with the Argentine attack.

The Argentine coach, who had been praised for his team's performance, is now under pressure. He will have to make changes to the team for their next match, which is scheduled for next week.

Int'l Olympic Day Kim stakes WOL torch-bearer berth

By Peter Ballweg Bayan

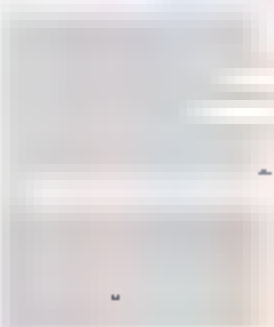

28. 4. 2012 12:47 PM

International Olympic Day, Kim has staked her claim to be the torch-bearer for the World Olympic League (WOL). The athlete, who has been in excellent form throughout the tournament, is one of the favorites to win the torch-bearer berth.

Kim's performance in the tournament has been exceptional, with goals from both ends of the field. She has been praised for her speed, agility, and ability to score goals.

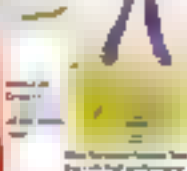

Kim is now under pressure to win the torch-bearer berth, which will give her the opportunity to represent the WOL in the upcoming tournament. She will have to perform well in the final match, which is scheduled for next week.

Most memorable interviews recalled

By Rhoda M. Beyer

IN THE COURSE OF OUR 40th anniversary celebration, we have had the privilege of interviewing many of the country's most prominent personalities. Some of the most memorable interviews were those of the late President Ferdinand Marcos, who was a very gracious and cooperative host. We also interviewed the late President Corason Aquino, who was a very warm and friendly host. These interviews were truly memorable and we are proud to have been a part of them.

Interviews that we did on the late President Marcos and the late President Corason Aquino were truly memorable and we are proud to have been a part of them.

Latest installment of Pixar's animated franchise lives up to expectations

By Nathan Davis

Has Pixar been able to live up to the hype of its first animated film, *Toy Story*, in its second, *Toy Story 2*? The answer is yes, and the film is a testament to the franchise's success. The movie is a perfect blend of humor and heart, and it's a must-see for fans of the franchise.

After the success of the first film, Pixar was under a lot of pressure to live up to the hype. But the studio's creative team was determined to make a film that was as good as the first. And they did it. *Toy Story 2* is a masterpiece of animation, and it's a must-see for fans of the franchise.
